CLERK: 34 ayes, 0 nays on adoption of LR 56, Mr. President.

PRESIDENT: The motion prevails. LR 56 is adopted. We move to a motion on number six.

CLERK: Mr. President, new resolution, LR 58 offered by Senators Beutler and Vickers. (Read.) Mr. President, Senators Beutler and Vickers would move to suspend Rule 4, Section 6 so as to permit consideration of LR 58 today.

PRESIDENT: May we have order in the Chamber, please. The Chair recognizes Senator Beutler.

SENATOR BEUTLER: Mr. Speaker, members of the Unicameral, the resolution, LR 58, is being passed out to you right now. It's a fairly simple resolution in form and the reason that we're asking for the suspension of the rules and the immediate passage of the resolution is simply because it may well be that this legislation will be acted upon by the House today or at the beginning of next week and then it may well be forwarded to the President very soon next week so we want to be sure that the last provision of the resolution which calls for the forwarding of the resolution by telegraph to the President and to the President of the Senate and to the Speaker of the House is done in a timely manner. The resolution itself you can read for yourself. It is fairly simple. It is merely designed to say that...probably stating a fact that is already known, but I think a fact that we should reassert, and that is that this Legislature in this state is vitally interested in the farm credit legislation and we feel most strongly about the fact that the House should proceed to advance this legislation to the White House and the White House should act positively on the legislation. What has happened in a technical sense as I understand it is that the House of Representatives has decided to what they call accede to the Senate passed version of the agricultural credit crisis legislation, and by virtue of acceding it means that they will bring to a vote of the House of Representatives this Senate version of the bill, and if then the Senate version of the bill is adopted as an amendment to House Resolution 1096, it would be forwarded directly to the President for action rather than going to any kind of additional conference committee.
